

CURRICULUM VITAE

PERSONAL INFORMATION

Name	Prakriti Kumar Ghosh, Ph.D.(Met.Engg.)
Present Position	<ol style="list-style-type: none">i. Dean (Finance & Planning), Indian Institute of Technology Roorkee (From 2012)ii. Professor (HAG), Department of Metallurgical and Materials Engineeringiii. MHRD-IPR Chair Professor, IIT Roorkeeiv. Coordinator, Technopreneur Promotion Programme (TePP) Outreach Centre (TUC) IIT Roorkee, DSIR.v. Member Advisory Committee, Technology incubation and entrepreneur development activity (TIEDA) centre of IIT Roorkee
Address	Department of Metallurgical and Materials Engineering, Indian Institute of Technology Roorkee, Roorkee 247 667, INDIA
Telephone	+91 (0) 1332 28 5699 (Off.) +91 (0) 1332 27 1654 (Res.) +91 (0) 94120 734 13 (Mob.)
Telefax	+91 (0) 1332 27 3560 +91 (0) 1332 28 5243
E-Mail	prakgfmt@iitr.ernet.in prakgfmt@gmail.com
Date of Birth	8 th April 1952
Nationality	Indian
Marital Status	Married (1 Child)

EDUCATIONAL QUALIFICATION

1986	Doctorate in Metallurgical Engineering (Ph.D.) Indian Institute of Technology Roorkee, erstwhile University of Roorkee (UOR), India Dissertation: Mixing Characteristics and mechanical Properties of Cast A(Mg)-Al ₂ O ₃ Particulate Composite
1981	Masters of Engineering in Industrial Metallurgy (M.E.) Hons. securing 82.44 %, Indian Institute of Technology Roorkee, erstwhile UOR, India
1979	Diploma in Metallurgical Engineering (AMIIM) with 1st Class Indian Institute of Metals, India
1971	Bachelor of Science (B.Sc.) in Physics, Chem. & Maths with “ Distinction ”, University of Burdwan, India

HONOURS AND AWARDS

2011	Member Editorial Board , Powder Metallurgy and Mining, USA, 2012
2010	Member of Nomination Council for the “ Infosys Prize of the year 2010 & 2011 ” of the “ Infosys Science Foundation ”.
2010	Reviewer of “Casting Forming Welding” Developing Suitable Pedagogical Methods for Various Classes, Intellectual Calibres and Research in e-Learning, National Mission Project on Education through ICT, MHRD Govt. of India.
2009	Coordinator , development of lecture note on a course “ Composite materials ” [Web and Video] under a National Programme, NAPTEL, MHRD Govt. of India.
From 2005	Recipient of Star Performer of the Year Award of IIT Roorkee
From 2007	Member Reviewers Board (Key Reader) , Metallurgical & Materials Trans. (A), ASM, USA
2006	2006 Steel Authority of India limited (SAIL) Gold Medal for best paper (ferrous) of the year 2005, “ National Award ” of the Indian Institute of Metals
2005	Earned a Position in 8 th edition of the well known Marquis Who’s Who in Science & Engineering
2002	ISCMS-Tata Steel Award for best paper (ferrous) of the year 2000-2001, Indian Society for Construction Materials & Structures (ISCMS)
1998	Binani Gold Medal for best paper (non ferrous) of the year 1997, “ National Award ” of the Indian Institute of Metals
1994	Best Paper of the Year Award of the Steel Authority of India Limited
1990	Fellowship Award of Alexander von Humboldt Foundation , Germany
1985	Best Paper Award of the National Welding Seminar (NWS-85), The Indian Institute of Welding

PROFESSIONAL ENGAGEMENTS

IITR Appointments Held

From 2012	Dean (Finance & Planning) Indian Institute of Technology Roorkee
From 2012	MHRD-IPR Chair Professor , IIT Roorkee
From 2011-2012	Coordinator IPR Professorial Chair , IIT Roorkee.
From 2005-2011	Coordinator , Intellectual Property Rights Cell (IPR), IIT Roorkee,
From 2010-2012	Professor & Head , Department of Metallurgical and Materials Engineering, Indian Institute of Technology Roorkee
From 2010	Member Advisory Committee , Technology incubation and entrepreneur development activity (TIEDA) centre of IIT Roorkee
From 2007	Coordinator (Uttarakhand State) , Technopreneur Promotion Programme (TePP) Outreach Centre, Department of Scientific and Industrial Research (DSIR), Government of India, Office in IIT Roorkee.
From 2001	Professor Department of Metallurgical and Materials Engineering, Indian Institute of Technology Roorkee (IIT Roorkee), Roorkee 247 667, INDIA

Additional Appointments Held

2007 – Till to date	Member, Reviewers Board (Key Reader) , Metallurgical & Materials Trans. (A), ASM, USA
2005-2007	Member expert panel of Research and MODOROF projects allocation to the technical institutes/colleges, AICTE, New Delhi
2004-2006	Member, Technical Advisory Panel - Indian Welding Journal
2002-2009	Managing Editor , R&D Magazine of IIT Roorkee, “SCI-TECH”
From 2002	Member expert panel of National Board of Accreditation, AICTE, New Delhi
From 2012	Chairman expert team National Board of Accreditation, AICTE, New Delhi
From 2000	Member University bridge Engineering Group and Member Task Force Railway Bridge Development, Indian Institute of Technology Roorkee.
2005 - 2010	Vice President , Indian Society for Construction Materials & Structures
1996 - 1999	Consultant/Advisor of EICHER Tractors, Faridabad, India
1996 - 2003	Member editorial board “Indian Welding Journal”, Calcutta
2000 - 2001	Member Technology Development Group for Rail Welding, Ministry of Railways, Government of India
2000 - 2001	Chairman of Technical Commission for Arc Welding of IIW concurrent with the International Institute of Welding
1993 - 1996	Member of the “ Judges Panel ” for the prestigious Modi Award and Fusion Award of the Indian Institute of Welding

TEACHING/RESEARCH EXPERIENCE

Subjects Taught

More than 38 years [since 06.02.1974]

- Mechanical Metallurgy (Undergraduate level)
- Physical Metallurgy (Undergraduate level)
- Joining of materials (Undergraduate level)
- Composite Materials (Undergraduate & Postgraduate levels)
- Welding Metallurgy (Postgraduate level)
- Experimental Techniques in Materials Science (M.Phil. level)
- Failure Investigation of Weld Joints (Postgraduate level)
- Failure Analysis (Postgraduate level)
- Design and Stress Analysis in Welded Structure (Postgraduate level)
- Metal Forming (Postgraduate level)

Supervision of Thesis

- Supervised Postgraduate (**Master's**) **Theses** – 70 Nos. (**Appendix I**)
- Supervised **Ph.D. Theses** – 20 Nos. (6 in progress) (**Appendix II**)

Development of New Courses

- Failure investigation of welded engineering structure (Postgraduate level), 1984
- Composite materials (Undergraduate level), 2001
- Composites (Engg.) (Postgraduate level), 2002

Development of New Laboratory Facilities

- Establishment of “Welding Research Laboratory” (biggest in academic institute in India) in Department of Mechanical & Industrial Engineering, University of Roorkee, under Indo German Technical Co-operation Programme.
- Establishment of “Advanced Joining of Materials Laboratory” in Department of Metallurgical & Materials Engineering, IIT Roorkee.
- Establishment of “Nano Filler Polymer Technology Laboratory” in Department of Metallurgical & Materials Engineering, IIT Roorkee.

Execution of Major Research Projects Areas of Specialisation and Research/Interest

Executed **19 major National and International** (DST-DAAD & DST-BMBF, Germany) Research Projects in Engineering (**Appendix III**)

- Electric Arc and Resistance Welding Including Pulsed current GMAW.
- Welding Metallurgy & Characterization of Weld Joint.
- Design of weld and welded structure.
- Fatigue and Fracture mechanics.
- Failure analysis of Engineering Structure/Weld joint
- Computer Aided welding
- Welding of metal Base Particulate Composite
- Microstructure refining by interruption in solidification through pulsed current weld deposition.
- Adhesive/composite adhesive Joining of Metals and Polymers
- Surface Modification of Metals and Alloys by Ion Implantation
- Synthesis & Characterization of Particulate Composite
- Ceramic-metal brazing for high temperature application.
- Hard Surfacing of Steels for Abrasion Resistance.

LEAD ROLE IN INSTITUTE ADMINISTRATION

- **Established** a professionally organized “**Intellectual Property Rights Cell**” in IIT Roorkee to actively deliver the following.
 - To organize awareness programme and designing of academic courses on IPR for UG/PG students and scholars
 - To educate/motivate scholars for IP creation
 - Holding short term national courses on IPR and management
 - Introducing a system for processing of disclosures on innovation and filing of patent
 - Introducing a system for technology transfer and IP management
- Drafted “**Intellectual property rights policy**” of IIT Roorkee and introduced in practice from Sept. 2005.
- Drafted organizational structure, administrative norms and budgetary configuration of a proposal for establishment of “**Technology incubation and entrepreneur development activity (TIEDA)**” centre in IIT Roorkee. The centre has been established and put to functioning in the year 2010.
- Drafted “**Business incubation policy**” of IITR, introduced in practice from June 2010.

- Drafted “**Faculty entrepreneur policy**” of IITR, introduced in practice from June 2010.

POSTDOCTORAL FELLOWSHIPS

1991 - 1993 / 1995 / 1996 / 2001 / 2006 / 2007 / 2009

Alexander von Humboldt Postdoctoral Fellowship Award (1990), Germany. **Several visits** from initiation followed by resumption of fellowship, re-invitation and alumni cooperation with TU Berlin, University of Applied Sciences FHTE Esslingen and TU Dresden

1988

DAAD Postdoctoral Fellowship, Germany

INTERNATIONAL COOPERATION/VISIT

2013

Meeting of the partners of HEIP-LINK project on “**Promoting International Dimension of research in HEIs**” under the Erasmus Mundus Action 3 programme of EC, University of the Free State, Bloemfontein , Cape Town, Republic of South Africa

Purpose: Kick-off meeting of the project partners from from BRICS countries, & other six countries from Europe, Asia and South America.

2010

South European IIW Congress, Invited presentation of a research paper on advanced welding engineering, Sofia, Bulgaria.

2010

Meeting of the partners from BRIC countries and Europe of the IP-UniLink project on IP management under the Erasmus Mundus programme of EU, Kunming University of Science and Technology, Kunming, China.

Purpose: To discuss the report on the survey and analysis of the preparedness of HEIs on IP management.

2009

Alexander von Humboldt Fellowship under **Renewed Research** Programme, Germany.

2009

Meeting of the partners from BRIC countries and Europe of the IP-UniLink project on IP management under the Erasmus Mundus programme of EU, University of Campinas, Brazil.

Purpose: To discuss the report on the survey and analysis of the preparedness of HEIs on IP management.

2007

Partner of EU International Network Project on Intellectual Property (IPNET)

Institute/University: Alicante University, Spain

Purpose: Presented a report at the annual meeting on “IP education and management in IIT Roorkee and future planning in national context”.

2007

Alexander von Humboldt Postdoctoral Fellow (under resumption of fellowship programme)

Institute/University: Technical University of Berlin, Germany

Purpose: Arc characteristics and behaviour of metal transfer of plain carbon steel and stainless steel using transient recorder and high speed video-graphy while operating the pulsed Current GMAW process with the help of computer aided solution of selection of pulse parameters.

Finished the final draft of the book on “Advances in pulsed current GMAW”.

2006

Alexander von Humboldt Postdoctoral Fellow (under resumption of fellowship programme)

Institute/University: Technical University of Berlin, Germany

Purpose: To study arc characteristics and behaviour of metal transfer of

plain carbon steel and stainless steel using transient recorder and high speed video-graphy while operating the pulsed Current GMAW process with the help of computer aided solution of selection of pulse parameters. Also started writing a book on “Advances in pulsed current GMAW”.

- 2003 **Visiting Scientist (Principal Investigator), DST-BMBF collaborative Research Project**
Institute/University: Technical University of Berlin, Germany
Purpose: Carry out research work on, “Arc characteristics and behaviour of metal transfer of aluminium alloy using transient recorder and high speed video-graphy while operating the pulsed Current GMAW process with the help of computer aided solution of selection of pulse parameters”.
- 2002 **Visiting Scientist (PI), DST-BMBF collaborative Research Project**
Institute/University: Technical University of Berlin, Germany
Purpose: Carry out research work on, “Mathematical modeling and development of software for the control of pulsed Current GMAW Process followed by experimental verification”.
- 2001 **Visiting Scientist (PI), DST-BMBF collaborative Research Project**
Institute/University: Technical University of Berlin, Germany
Purpose: Investigation on correlation among welding parameters to facilitate and control the performance of pulsed current GMA welding process.
- 2001 **Visiting Scientist**, Institute/University: Fachhochschule für Technik (FHT) Esslingen and MPA Stuttgart
Purpose: Technical discussions on academic co-operation and research collaboration in the areas of fracture mechanics studies and residual stress measurement in weld joint.
- 2001 **Visiting Scientist under DST-DAAD PPP 2000 Indo-German Programme**
Institute/University: Technical University of Berlin, Germany
Purpose: Carry out investigation on fracture mechanism of polymer to metal adhesive joints.
Delivered two technical talks on some advanced knowledge in welding engineering.
- 2001 **Alexander von Humboldt Foundation sponsored visit**
Institute/University: Technical University of Munich, Germany
Purpose: Presented a research paper on “Pulsed current GMA welding provides better prospect to weld joint by improvement of its safety and reliability in engineering structures” International Conference on Aluminium (8th INALCO 2001)
- 1996 **Visiting Scientist under the invitation of SFB, TU Berlin sponsored by German Science Foundation**
Institute/University: Technical University of Berlin, Germany
Purpose: Delivered invited talk on “Characteristics of metal-ceramic bounding and mechanical properties of Al-base particulate composite” to the distinguished gathering in the Technical University of Berlin.
- 1996 **Alexander von Humboldt Postdoctoral Fellow** (under resumption of fellowship programme)
Institute/University: Technical University of Berlin, Germany
Purpose: Analytical work in the areas of “Joining of HPSN with Steel” and “Pulsed Current MIG Welding of Al-alloy”.

- 1995 **Alexander von Humboldt Postdoctoral Fellow** (under resumption of fellowship programme)
Institute/University: Technical University of Berlin, Germany
Purpose: Investigations on “Possibility of aluminium MIG welding by modification of pulse parameters using the relationships valid for different power sources”, “Ceramic-metal brazing” and “Laser welding of Co-base amorphous alloy film”
- 1995 **Alexander von Humboldt Foundation sponsored visit**
Institute/University: Joining of Materials Institute, Helsingor, Denmark
Purpose: Presented a research paper on “An analysis of weld characteristics as a function of pulse current MIG welding parameters”, Int. Conf. on Joining of Materials (JOM-7)
- 1992 **Alexander von Humboldt Foundation sponsored visit**
University/Institute: The Hague, Nederland
Purpose: Presented a paper on “Surface characterisation in nitrogen ion implanted 316 stainless steel with and without inducing strain”, Proc. Abs. IVC-12/ICSS-8, The Hague, (1992), pp. 474.
- 1992 **Visiting Scientist**
Institute/University: Department of Physics, Alicante University, Spain
Purpose: Delivered Lectures on “Preparation and Characterisation of Al(Mg)-Al₂O₃ cast particulate composite”
- 1991 – 1993 **Alexander von Humboldt Postdoctoral Fellow**
Institute/University: Technical University of Berlin, Germany
FHT Esslingen, Germany
Purpose: To investigate “Pulsed current MIG welding of Al-Zn-Mg alloy-analytical modelling of thermal behaviour and correlations among pulse parameters, weld characteristics and weld properties” Project report was submitted to the AvH foundation, Bonn, Germany
- 1988 **DAAD Postdoctoral Research Fellow**
Institute/University: Technical University of Berlin, West Germany
Purpose: Studied “Weld thermal cycle and structure-properties correlation of various flash butt welded dual phase steel using micro-shear test method”.

PUBLICATIONS

Research Paper

More than 260 research papers published in International and national Journals and conferences (**Appendix IV**)

Monograph

“Welding in Offshore Constructions”, Deptt. of Sci. & Tech., India

Book (Publication/Review)

- **Reviewed Book proposal** on “Fracture mechanics of composite materials in compression”, from the publisher Marcel Dekker/CRC press, USA, 2004.
- **Reviewed Book proposal** on “Surface phenomenon in fusion welding processes”, from the publisher Marcel Dekker/CRC press, USA, 2004.
- **Reviewed Book proposal** on “Handbook of thermal processing of steels”, from the publisher Marcel Dekker/CRC press, USA, 2004.
- **Contributed a section** on “Pulsed current GMAW” in a book “New Developments in Advanced Welding”, edited by Nasir Ahmed, published by Woodhead Publishing Ltd., Abington Hall, Abington, Cambridge, England, 2005.
- **Edited Book on Int. Conf. Procd..** “Knowledge sharing and intellectual property management-status and strategies”, Lambert Academic Publishing, Saarbruecken, Germany, 2010.

- **Author of a book** on “Pulsed current gas metal arc welding : characteristics, control and applications”, under the support of the Alexander von Humboldt Foundation, Germany, Woodhead Publishing Ltd., Abington Hall, Abington, Cambridge, England, Publication awaited (2011).

Patent in Credit

- A multifunctional technique for dispersion of thoroughly broken agglomerates of inorganic nano particles in viscous fluid, Application No. 1554/Del/2008 dated 27.06.2008
- Provisional Patent, GMAW torch nozzle device for narrow gap welding, Application No. 1245/DEL/2009 dated 17.06.2009.
- Single Seam Multilayer Narrow Gap Pulse Current Gas Metal Arc Welding Technique, Application No. 1023/DEL/2010, dated 29.4.2010.

INDUSTRIAL CONSULTANCY SERVICES

- Industrial visits & major consultancy services: **36 Nos. (Appendix V)**
- Major failure investigations: **11 Nos. (Appendix VI)**

Contractual Association

- **Technical (welding engg.) Consultant Advisor** of EICHER Tractors, Faridabad, India, From 1997-1998.
- **Technical (welding engg.) Consultant Advisor** of Escort Constructions Equipment, Ballavgarh, India, From 2008-2009.
- **Consultant of M/s Cloos india welding technology (P) ltd.**, New Delhi, 2009

Major Fields of Specialization

- **Electric Arc** Including Pulsed Current GMAW and **Resistance Welding.**
- **Welding Metallurgy** & Characterisation of Weld Joint.
- **Designing** of weld and welded structure.
- **Fatigue and Fracture Mechanics.**
- **Failure analysis** of Engineering Structure/Weld joint.
- **Computer Aided** welding.
- Welding of Metal Base **Particulate Composite.**
- **Adhesive/composite adhesive Joining** of Metals and Polymers.
- Synthesis & Characterization of Inorganic **Nano-particulate Polymer Composite and Adhesive.**
- Surface Modification of Metals and Alloys by **Ion Implantation.**
- Synthesis & Characterization of **Particulate Composite.**
- **Ceramic-metal brazing** for high temperature application.
- **Hard Surfacing** of Steels for Abrasion Resistance.

MEMBERSHIP OF PROFESSIONAL BODIES

- Fellow of the Indian Institute of Welding
- Fellow of the Institution of Engineers (India)
- Chartered engineer [India] of Institution of Engineers (India)
- Member, The National Academy of Sciences India, NASI/14/2008
- Life Member of the Indian Society for Construction Materials & Structures (ISCMS), India
- Former Member Society of Automotive Engineers (SAE), Inc., USA
- Member Alumni Association of IIT Roorkee (formerly University of Roorkee)
- Member International Alumni Association of Technical University of

- Berlin, Germany
- Former Member of the Materials Research Society

EXPERIENCE IN WORKING WITH INNOVATORS FROM DIFFERENT PART OF SOCIETY

Holding Awareness Programme for Promotion of Technopreneur

Seminar, workshop, meeting and training involving grass root level innovator from unorganised sector of society including housewives, students from intermediate to higher education institutes, cottage and small scale industries and any other innovators from society

Promotion of micro, small and medium scale Technopreneur

Having long experience of counselling, preparation and assessment of project proposal received starting from Grass-root level innovator of unorganised sector of society. Large numbers of innovative proposals on different subjects have been handled as typically given below.

Title of Innovations	Profession of Innovator
A two Gear Wheel	Retd. as a senior scientist (Assoc. Director)
Tele Lock	Retd. as a senior scientist (Assoc. Director)
Idea related to health	AM/Health(OS)/4-08/ 3 Proprietor Sarmang Software
Active Tyre - pressure Variation in automobiles, for better traction.	B.Tech I Year, Civil Engineering IIT Roorkee,
Economical empowerment of youth & women of rural area by fruit processing.	Jan Kalyan Samiti, Chatwapipal (Gochar),
Development of a unique design for scanning systems and plan to have the same patented.	Proprietor, small scale industry
Establishment of the Primary Processing Unit for Medicinal Plants- Brahmi.	Serviceman
Hinge Fitted Flushdoor	Farmer
USB Communication Dongle P/N: USC04	Engineer
Development of a diagnostic kit (strips) for triple infections (tuberculosis, HIV and cysticercosis) in hills of Uttarakhand: A step forward for the primary care level.	Professor, Neurology, Medical College
Digital Valve Controller	Engineer
Evolution of some ayurvedic formulation for their potentiality in the cure and management of diseases like diabetes.	Homeopathy Doctor
Resin from Euphorbia Royleana	Farmer

Remote mobile phone call/ message alert.	Self Employed
Preparation of L.P.G., Gasoline & Petrol from Biogas.	Teacher
Contact less Power Transmission and Generation Device.	Student
Conversion of solar energy into electrical energy through rotation of turbine by heated air.	Student
Development of prototype equipment for dispersion of thoroughly broken agglomerates of inorganic nano particles in viscous fluid	Professor Engineering
Further Development of gravity motor	Engineer
Biochar Briquetting Machine	Self Employed
How Compressive air can be used to move Turbine to produce electricity	Self Employed
<i>Automatic headlight dipper</i>	Student, M. Tech.
Testing of a Herbal Drug (Paeonia emodi) for Toxicity & Efficacy on Hydrocephalus: A Neurological disorder	Faculty Member, University
Lohe ka hal (Related to farming)	Farmer
Biochar briquettes (Green Fuel)	House Wife
Magnetic engine which can run without fuel	Student, B. Tech,

Mentoring of medium and large scale Technopreneur [Ongoing project]

- **Industry:** M/s Prakash Industries, Mohan Industrial Area, Mohan, P.O- Ram Nagar, Nainital, Uttarakhand.
Title of the Project: “Alkali Lignin Products & Cooler Pads from Dry Needles”
Project : Approved by DSIR and NABARD, Mumbai
- **Industry :** Prototype development, Roorkee, Uttarakhand
Title of the Project : Digital Valve Controller,
Project : Approved by DSIR
- **Industry :** Prototype development, Roorkee, Uttarakhand
Title of the Project : Evolution of some ayurvedic formulation for their potentiality in the cure and management of diseases like diabetes
Project : Approved by DSIR
- **Industry :** Prototype development, Roorkee, Uttarakhand
Title of the Project: Title of the Project: Contact less Power Transmission and Generation Device
Project : Approved by DSIR

Contribution as Rotarian of Rotary International Club, Mid Town Roorkee, India

- Tree plantation
- Health care
- Vocational training

APPENDIX - I

Supervised M.E. / M.Tech. / M.Phil. Theses

1. **P.K. Ghosh and P.C. Gupta, (A.K. Agarwal)**, "Control of grain coarsening in HAZ by varying the angle of attack to the work-piece during submerged arc welding", (1984).
2. **P.K. Ghosh, P.C. Gupta and C.L. Raina, (R.K. Gupta)**, "Effect of welding parameters on surface deposition characteristics of submerged arc welds using strip electrodes", (1984).
3. **P.K. Ghosh and P.C. Gupta, (P. Narashimullu)**, "Design and fabrication of transverse strain test assembly for the assessment of the resistance to solidification cracking of submerged arc weld joints", (1984).
4. **P.K. Ghosh and P.C. Gupta, (S.K. Sarma)**, "Effect of polarity on the metal deposition characteristics in submerged arc welding process", (1985).
5. **P.K. Ghosh and P.C. Gupta, (N.K. Jain)**, "Effect of pulsed current parameters on the weld characteristics in MIG welding", (1986).
6. **P.K. Ghosh and P.C. Gupta, (S. Vissa)**, "Influence of pulse current parameters on the properties of heat affected zone in MIG welding of Al-Zn-Mg alloy", (1986).
7. **P.K. Ghosh and P.C. Gupta, (T.K. Goswami)**, "Effect of flash butt welding parameters on the weld properties of high strength low alloy steels", (1986).
8. **P.K. Ghosh and M. Breazu, (B. Vardhan)**, "Studies on weld metal properties of electro-slag welds using basic and neutral fluxes", (1986).
9. **P.K. Ghosh and P.C. Gupta, (Maj. P.K. Ghosh)**, "Effect of pulse current parameters on weld bead characteristics of Al-Mg filler alloy deposited in MIG welding", (1987).
10. **P.K. Ghosh and A.K. Khanna, (G.M. Reddy)**, "Studies on influence of polarity on mechanical properties of submerged arc weld", (1987).
11. **P.K. Ghosh and S.R. Gupta, (R. Rathi)**, "Influence of pulse parameters on some mechanical properties of MIG welded Al-Zn-Mg alloy", (1987).
12. **P.K. Ghosh and M. Breazu, (D.K. Singh)**, "The influence of welding parameters on properties of Al-Zn-Mg alloy welds produced by pulsed TIG welding with cold wire feeding", (1987).
13. **P.K. Ghosh and P.C. Gupta, (Ompal)**, "Investigation on weld thermal cycle and mechanical properties of flash butt welded dual phase steel", (1988).
14. **P.K. Ghosh and P.C. Gupta, (Rajesh Somani)**, "Studies on characteristics of aluminium weld deposit produced by pulsed current MIG welding process", (1989).
15. **K.N. Krishnan and P.K. Ghosh, (M. Deshpande)**, "Effect of welding parameters on the quality of flash butt welded austenitic stainless steel", (1989).
- **16. **P.K. Ghosh, S. Ray and S.K. Barthwal, (Vijay Sharma)**, "Influence of pulsed current parameters on the weld metal characteristics in MIG welding of Al-Zn-Mg alloy", (1990).
17. **S.K. Nath and P.K. Ghosh, (Parikshit Sharma)**, "Studies on fatigue properties of resistance spot welded dual phase steel", (1990).
18. **P.K. Ghosh and P. Nagesh Babu, (Srikant Reddy)**, "Studies on fracture toughness properties of Al-Zn-Mg alloy weldment produced by pulsed MIG welding process", (1990).
19. **P.K. Ghosh, (Upendra Singh)**, "Studies on welding procedure of 9Cr-1MoVNb steel pipe under shielded metal arc and TIG welding processes", (1993).
20. **S. Ray and P.K. Ghosh, (Adarsh Sachdeva)**, "TIG welding of aluminium base particulate composites", (1994).

Guide (Name of the student)

APPENDIX - III

Sponsored Research Projects

a) Principal Investigator

- i) "To study the effect of modification in welding parameters and filler metal composition on the improvement of mechanical properties of weld", U.P. State Council of Science and Technology, (1984).
- ii) "Development of a process for silver coating on aluminium alloy filler wire used in MIG welding process", U.P. State council of science and technology, (1985).
- iii) "Influence of flux constituents on physicochemical and metallurgical properties of some submerged arc welding fluxes", Department of Science and Technology, India, (1988 - 91).
- iv) "Studies on adhesive bonding of polymers to metals", University Grants Commission, India, (1995 - 1999).
- v) "Investigation on positional welding of structural steel using pulsed current gas metal arc welding process", Council of Scientific and Industrial Research, India, (1998 -2001).
- vi) "Investigation on fracture mechanism of polymer to metal adhesive joints", DST-DAAD Project Based Personnel Exchange Programme - 2000, University of Roorkee and TU Berlin, (2000-2002).
- vii) "Investigation on correlation among welding parameters to facilitate and control the performance of pulsed current GMA welding process", DST-BMBF project with TU Berlin, Germany, (2001 – 2004).
- viii) "Comparative studies on fracture mechanics properties of conventional and narrow gap SMA welds with GMA welds of carbon steel and stainless steel pipes" Board of Research in Nuclear Sciences (BRNS), (2001-2006).
- ix) "Studies on ambient and elevated temperature properties of joints of metals prepared by adhesive joining using nano-particle filled adhesive", Department of Science and Technology, India, (2007-2010).
- x) "Investigation on effect of pulsed current gas metal arc welding on joint characteristics of scandium inoculated high strength aluminium alloy", Council of Scientific and Industrial Research, India, (2007 -2010).
- xi) Indian Partner of EU International Network Project on Intellectual Property (IPNET), Alicante University, Spain (2007).
- xii) Indian partner of IP-UniLink project under the Erasmus Mundus programme of EU, Coordinated by Alicante University, Spain, (2009-2011).
- xiii) "Investigation on advanced welding technique to improve properties of dissimilar weld joint of austenitic stainless steel to high strength low alloy steel", Defence Research and Development Organization, (2009-2012).
- xiv) "Optimisation of ultrasonic dual mixing for homogeneous distribution of inorganic nano particles in epoxy based adhesive affecting its thermal and mechanical properties" Department of Science and Technology, India, (2012-2015).
- xv) Indian partner of HEIP-LINK project under the Erasmus Mundus Action 3 Programme of EC, "Promoting the international dimension of research in HEIs", Coordinated by Alicante University, Spain, (Sept. 2012-2014).
- xvi) "To study critical application of pulse current gas tungsten Arching Process in surface processing of steel for desired properties", Council of Scientific and Industrial Research, India, (2013-2015).

b) Co-Investigator

- xvi) "Studies on the effect of welding parameters on the mechanical properties of pulsed arc welded Al-Zn-Mg alloy", Council of Scientific and Industrial Research, India, (1986 -90).

- xvii) "Investigation on the mechanical properties of ion implanted samples", University Grants Commission, India, (1987 - 90).
- xviii) "Studies on fracture toughness and fatigue crack growth behaviour of pulsed MIG welded Al-Zn-Mg alloy", Council of Scientific and Ind. Research, India, (1992-95).
- xix) 'Investigation on the effect of crack tip constant on material J-R curve', Board of Research in Nuclear Sciences (BRNS), (2004-2006).

Industrial Visits and Major Consultancy Services

1. "Weldability of dual phase steel produced by the steel authority of India limited", Steel Authority of India Ltd., Ranchi, India, (1985)
2. "Spot welding of carbon steel bush to bronze bellow", Danfoss India Ltd., (1987)
3. "Spot welding of bronze bush to bronze bellow", Danfoss India Ltd., (1988)
4. "Spot welding of steel bush to bronze bellow", Danfoss India Ltd., (1988)
5. "Micro joining of stainless steel bellow for contactor", Danfoss India Ltd., (1988)
6. "Weldability of HSLA - 80 steel produced by the steel authority of India limited under SAW process", Steel Authority of India Ltd., Ranchi, India, (1990)
7. "Weld thermal cycle and mechanical properties of flash butt welded dual phase steel produced by the steel authority of India limited", Steel Authority of India Ltd., Ranchi, India, (1990)
8. "Behaviour of power source and weld characteristics in pulsed current GMAW process", REM Schweisstechnik, Uhingen, Germany, Scientific Co-operation, (1992)
9. "Weldability of modified 9Cr-1Mo steel produced by the steel authority of India limited", Steel Authority of India Ltd., Ranchi, India, (1993)
10. "Design and formulation of fused flux for submerged arc welding of LPG cylinder", Super Weld India, Yamunanagar, India, (1995).
11. "Design and formulation of fused flux for submerged arc welding of LPG cylinder", Super Weld India, Yamunanagar, India, (1995).
12. "Fabrication of aluminium structural components", Metallbau Schreiber GmbH, Wolfschlugen, Germany, Scientific Co-operation, (1996).
13. "Welding Consultant", EICHER tractors Ltd., Faridabad, India, (1997).
14. "Characterisation of SA 333 Gr. 6 Pipe weld for PHT system of PHWR", Reactor Safety Division, Bhabha Atomic Research Centre, Trombay, India, (1998).

15. "Development of SMAW electrode for welding of armoured steel", M/s Mittal Engineering Works, Ghaziabad, (1999).
16. "Quality improvement of Alumino Thermit Weld of Rail, M/s Modern Rail Welders Pvt. Ltd., Mumbai, India, (2000).
17. "Technical Consultant for Alumino Thermit Welding of Rail", Modern Rail Welders Pvt. Ltd., India, (2000).
18. Technical (welding engineering) Consultant Advisor of EICHER Tractors, Faridabad, India (1997-2000).
19. "Weld fabrication of long boom of concrete mixture transportation system" Putz Meister GmbH, Germany, Scientific Co-operation, (2001).
20. "Fabrication of aluminium structure for space station", Metallbau Schreiber GmbH, Wolfschlugen, Germany, Scientific Co-operation, (2001).
21. "Quality assurance by ultrasonic and dye penetrant tests of elbow liner welding, Electro mechanical department, Tehri hydro development corporation Ltd., (2000-2001).
22. "Advances in Materials Engineering", Materials Engineering Department, Moratuwa University, Srilanka, Asian Development Bank, (2001).
23. "Construction of penstocks for Maneri Bhali Hydal Sheme-II power project", irrigation department Uttaranchal Govt. (2002-2004)
24. "Determination of fracture properties of narrow gap stainless steel pipe welds", Reactor Safety Division, Bhabha Atomic Research Centre, Trombay, India, (2000-2004).
25. "Welding of bicycle frame", T I Cycles India, Chennai, (2002).
26. "Stretched zone width measurements and metallurgical investigations of piping components" Reactor Safety Division, Bhabha Atomic Research Centre, Trombay, India, (2001-2004).
27. "Technical feasibility report on utilization of silt ejected out of the power plants on Bhagirathi river", Uttaranchal jal Vidyut Nigam Ltd., (2005).
28. "Design and Process establishment for welding and brazing of various product of bellow housing and bellow", Indfos Industries Limited, (2004-2005).
29. "Technical delivery requirements for SAILMA plates for Singoli Bhatwari hydro electric project, Engineering Construction & Contracts Division, M/s Larsen & Toubro Ltd., (2008).
30. "Consultancy in welding engineering and training for fabrication of equipments", M/s Escorts Construction Equipment Ltd., (2008)
31. "Evaluation of dual pulse MIG welding machine Qineo pulse from Cloos, Germany", sanctioned by M/s Cloos india welding technology (P) ltd., New Delhi, (2009).
32. "Fabrication of thick section of Al-Mg alloy by fillet welding using pulse current GMAW", Metallbau Schreiber GmbH, Wolfschlugen, Germany, (2009).
35. "Data mining of thermo-physical properties of steel required for mathematical modeling of hot rolling process", RDCIS, Steel Authority of India Ltd., Ranchi, (2012).
36. Ultrasonic testing for internal soundness testing of blooms and railway axels, Mahindra sanyo special steel Pvt. Ltd., Jagdishnagar, Khopoli, (2013).
