

Prof. Anil K. Sarje

Brief Bio-data:

Dr Anil K. Sarje received his engineering degrees *B.E.*, and *M.E.* from *Indian Institute of Science, Bangalore* in 1970, and 1972 respectively, after graduating in Science from Vikram University, Ujjain, in 1967. In 1972 he joined as a Ph.D. research scholar the School of Automation, *Indian Institute of Science, Bangalore*. His Ph.D. work was on “Studies on the structural, asummability and realization aspects of threshold functions” under the supervision of (Late) Prof. Nripendra N. Biswas. The work was submitted in June 1975 and the Ph.D. degree was awarded in 1976.

He served as Lecturer at Birla Institute of Technology & Science, Pilani, for a short period before joining erstwhile University of Roorkee (now Indian Institute of Technology Roorkee) as Reader in the Department of Electronics & Computer Engineering in 1981. He became Professor of Computer Engineering in 1987.

Dr. Sarje has supervised many Ph.D. theses and a large number of M.Tech. dissertations. He has published a large number of research papers in international as well as national journals and conferences. He has also served as referee for many reputed journals like IEE Proceedings, IEEE Trans on Reliability, Electronics Letters, etc. He has been a senior member of the Institute of Electrical and Electronics Engineers (IEEE).

He was the Head of the Department of Electronics & Computer Engineering, IIT Roorkee during the period 2003-2005. During this tenure as Head he was able to secure grants from Intel for the installation of two nodes for the PlanetLab project. The PlanetLab is a world-wide experimental plate-form for experimentation and development of distributed applications. Subsequently, however, these nodes became disused because of the lack of later efforts for the lab's maintenance.

He was also responsible for setting up the HPC laboratory in the department with procurement and installation of a 20-node SUN cluster.

Dr. Sarje has been on many committees of UOR/IIT Roorkee:

- As member of the Roorkee Entrance Examination Committee REE-91, responsible for conducting the prestigious all India examination for admission to University of Roorkee.
- As the Chairman, Information Superhighway Center (ISC) Advisory Committee
- As Chairman, Committee for strengthening of teaching learning environment during the period 2006-07.
- As Chairman, Special Purchase Committee (SPC) on Office Automation during the period 1st Jan. 2008 - 31st Dec. 2012.

He has been on a number of AICTE and DOEACC committees. He was a member of DOEACC A, B & C Level Syllabus Committee as AICTE Representative (1995-96). He served as a member of All India Board of Information Technology Education (AICTE) during years 2000-2003.

He has also served as mentor in the TEQIP programme as well as in the AICTE's NEQIP programme.

Areas of research interest: Network Security, Computer Networks, Distributed Systems.
