**INDIAN INSTITUTE OF TECHNOLOGY ROORKEE
MEETING SECTION**

Minutes of the 82nd Senate Meeting held on 09.07.2020 at 4.00 P.M. over Webex.

The lists of participants and the members who had informed of their inability to attend the meeting are appended at **Annexure-I** & **Annexure-II**, respectively.

At the outset, the Chairman welcomed the members to the 82nd meeting. He recalled that the 82nd meeting of the Senate was notified in March 2020 but was subsequently deferred due to the declaration of lock down in the country. This meeting over Webex has been convened to consider the important issue of how teaching and assessment be conducted in the upcoming semester. The usual items such as confirmation of the minutes of the last meeting, action taken on the past decisions and reporting of approvals accorded by the Chairman Senate will be taken up in a physical meeting of the Senate.

The agenda was then taken up.

Item No. 82.1: To consider the conduct of the upcoming Autumn Semester 2020-21 and its Academic Calendar.

The Senate considered the recommendations of the IAPC and decided as under:

1. The registration for all the students will be carried out in online mode.
2. Entire teaching will be carried out in online mode. Time-table for the semester would be prepared as usual. The lecture and tutorial slots in the time-table will be used for live sessions with the students. These sessions may be used for live lectures, tutorials, doubt clearing sessions etc. as per the needs of the course contents and choice of the faculty, so as to ensure the best possible e-learning of

the students. To achieve the learning objectives and the assessment requirements of different courses, assistance of TAs can be taken in all the courses.

3. Mid-term examinations will not be conducted. Instead, continuous assessment will be carried out in the form of assignments, quizzes, mini-projects, viva-voce etc.
4. There would be conventional end-term examinations after the return of the students to the campus.
5. Wherever possible, the laboratory courses or courses with laboratory components in the autumn semester be exchanged with the theory courses of the spring semester, only for this academic year. All possible ways be explored for meeting this objective. For the courses with theory and laboratory components both, only the laboratory component and its credits can be transferred to the spring semester. Thus, for example, laboratory components of different courses in the autumn semester can possibly be combined to create new laboratory course(s) in the spring semester of this academic year. There may be other ways also of meeting the objective of exchanging laboratory components of the autumn semester with theory components of the spring semester. Proposals from the departments for such one-time changes in their academic programs will be considered by the IAPC for approval.
6. The weightages of course components will be as under:

CWS: 50-60 % and ETE: 40-50 %.
7. Attendance rule is suspended this semester.
8. The Academic Calendar for the Autumn Semester 2020-21 will be as given in **Appendix-A**. If required, the academic calendar would be revisited in the month of October 2020.

The meeting ended with a vote of thanks to the chair.
