INDIAN INSTITUTE OF TECHNOLOGY ROORKEE MEETING SECTION

Minutes of the 85^{th} Meeting of the Senate held on 18.12.2020 at 11.00 A.M. over WebEx.

The list of participants who attended the meeting is appended at Annexure-I.

The following members conveyed their inability to join the meeting:

- 1. Prof. Anand Joshi, Department of Earth Sciences
- 2. Prof. Paritosh Mohanty, Department of Chemistry
- 3. Prof. Naveen Kumar Nawani, Department of Biotechnology
- 4. Prof. A.K. Sharma, Department of Mechanical & Industrial Engg.
- 5. Prof. K.R. Justin Thomas, Department of Chemistry
- 6. Prof. K.L. Yadav, Department of Physics

At the outset, the Chairman welcomed the members to the 85th meeting of the Senate.

The agenda was then taken up.

Item No. 85.1: To reconsider the Autumn Semester 2020-21 completion plan for all students (excluding UG I year).

The Senate considered and approved the proposal with the following observations:

- 1. Online examination is the most suitable option available for conducting the End Term Examinations due in January 2021. Depending on the size of the class, the nature of the course contents, and the views of the students registered in a course, the course instructor may decide the choice of platform, application, mode of ETE etc.
- 2. There is a need for more flexibility in the window for conducting ETEs and the duration of an ETE. IAPC is authorized to deliberate on these issues and provide more flexibility. The

window of ETE schedule should take into account the date of GATE examination.

- 3. Changes from the earlier announced weightages or introduction of a new distinct component of evaluation, such as Viva-Voce, can also be done after taking the students of the course into confidence, and with the approval of IAPC.
- 4. Although many lab courses were shifted to the spring semester, if some lab-oriented course is running this semester, it can be completed using online methods/demonstrations, viva-voce, written examination etc. However, if there is a field/lab course which may be difficult to complete meaningfully using only online tools, the concerned department should approach IAPC for a solution.
- 5. If a student feels the need, she/he is free to take the help of any institute or entity in his/her neighborhood for taking the examinations.

Item No. 85.2: To consider the mercy appeal of Mr. Sunil Kumar (En. No.12918025), ex-Ph.D. student, Department of Electrical Engineering., to re-join his Ph.D. program (in the light of the decision of Hon'ble High Court of Uttarakhand).

The Senate considered the appeal of Mr. Sunil Kumar in the light of the rules regarding maximum time allowed for completing Ph.D., minimum time required to submit the thesis after candidacy and the relevance of course work done more than six years back. The Senate noted that the maximum time allowed for completing Ph.D. is six years, followed by a possibility of one year extension, i.e. a total of seven years from the date of initial registration and the minimum time required to submit thesis after candidacy is three years. Further, the Senate was of the view that courses done more than six years back will not play the role they are intended to play. The Senate also felt that accepting such kind of appeals is not in the interest of the Institute. The Senate decided not to accept the mercy appeal but noted that Mr. Sunil Kumar is free to apply afresh and, if he chooses to apply, his case be considered on merit.

Item No. 85.3: To consider online re-examination for the Spring Semester 2019-20.

The Senate decided that re-examination for Spring Semester 2019-20 be conducted online before the ETE of the Autumn Semester 2020-21.

Item No. 85.4: To consider the application of Praveen Badvath, a B.Tech. (MME) student of IIT Ropar seeking transfer to IIT Roorkee.

The Senate considered the item and observed the following:

- (i) His medical reports and academic performance are quite old and may not reflect his current medical situation and academic performance.
- (ii) Presently, the classes are being conducted online, and there is no clarity as to when on-campus classes will be resumed. Therefore, there is no urgency to decide this application.

The Senate decided that a committee be constituted by the Director to ascertain his current status and related questions. The report of the committee be placed before the Senate.

The meeting ended with a vote of thanks to the Chair.
